The Faculty of Sciences in collaboration with Institution's Innovation Council, Sri Guru Teg Bahadur Khalsa, Sri Anandpur Sahib organized Inter-College Science Fest-2025 to celebrate National Science Day, aiming to promote scientific awareness and encourage students to explore the wonders of science. National Science Day, observed annually on February 28th, is dedicated to honoring the discovery of the Raman Effect by Indian scientist Sir C.V. Raman. The fest included a wide range of competitions including Scientific quiz, Working Model, Paper Reading, Rangoli, Slogan Writing, PPT Making and Best Out of Waste focusing on the theme of science and innovation, Science in IKS. The event provided an excellent platform for students to engage with science beyond the classroom, collaborate with peers from different institutions, and showcase their talent and passion for science. The event highlighted the importance of scientific discoveries and innovations in solving global challenges. It was a vibrant and intellectually stimulating event that brought together students, faculty, and science enthusiasts from various colleges. The event was graced by Dr. Paramveer Singh, Convenor (Indian Science Congress Association, Patiala Chapter). Dr. Singh sensitized all present that science is not just a field of study but a way of living, thinking and understanding the world around us. He emphasized that through such events, the spirit of inquiry continues to thrive among students. The fest concluded with a grand ceremony where the winners of various competitions were recognized and awarded. Principal Dr. Jasvir Singh congratulated all the participants and appreciated the faculty members for organizing such a thought-provoking event.

**Objectives:** To encourage students to think innovatively, solve real-world problems, and present their ideas through models, presentations etc.

To Promote Scientific Awareness

**Benefits:** Encouragement of Scientific Curiosity and Exploration among students, Fostering Innovation and Creativity, Exposure to Real-World Problems

**No. of Student Participants: 200**
