in collaboration with

PG Department of Computer Science

celebrated

National Technology Day
Through one week workshop on Basics of Computer for School Student

The P.G. Department of Computer Science celebrated National Technology Day with a week-long workshop on "Basics of Computer" for school students. This workshop, held in collaboration with the Institutions Innovation Council, took place from May 15 to May 22, 2024.

The event aimed to introduce school students to fundamental computer concepts and skills, fostering an early interest in technology and its applications. The workshop covered a range of topics, including basic computer operations, an introduction to programming and an overview of internet safety and digital literacy.

Throughout the week, students participated in interactive sessions and hands-on activities designed to make learning engaging and accessible. The Prof. Tajinder Kaur, Prof. Paramjit Kaur, Prof. Karamjeet Kaur,Prof. Payal Chandel from the P.G. Department of Computer Science, provided personalized guidance to ensure that each participant could follow along and benefit from the sessions.

The National Technology Day celebration was a significant success, highlighting the importance of technological education from an early age. The collaboration with the Institutions Innovation Council played a crucial role in organizing and executing the workshop, ensuring that the content was both informative and inspiring for the young attendees.

The P.G. Department of Computer Science plans to continue such initiatives, recognizing the impact of early exposure to technology on students' future academic and career choices. Overall, the event was a meaningful contribution to the celebration of National Technology Day, underscoring the department's commitment to promoting technological literacy and innovation.

Objectives: To introduce school students to fundamental computer concepts and skills.

Benefits: Enhancing practical skills and promoting technological literacy.

No. of Participating Students: 35

No. of faculty members: 4
