

Web Development and Programming

Web development and programming is a game that can be a mind sport within player. The Department of Computer Science organised web development and programming event on March 16, 2018. Students enthusiastically participated in the competitions. The event was comprised of following four phases.

- 1 Website Development
2. Computer Programming
3. Debugging
4. MCQs on Software development

The students actively participated in the competition and were highly appreciated by the judges. Mr. Jaspreet Singh (Assistant Professor) Mrs. Mandeep Kaur (Assistant Professor), and Mrs. Harpreet Kaur (Assistant Professor) were the judges for the event. Inderjeet Singh (M.Sc(IT)), Varinder Singh(BCA), Jagandeep Singh(BCA), Kuldeep Singh(B.Sc.) were the winners of the above listed events. At last, participation certificates were given to all the participants by Honourable Principal Sir and Head, Department of Computer Science. The event was highly motivating for all the participants and students gained a lot from this event.
