

## **Industrial visit to PACL Nangal**

The Department of Chemistry, Sri Guru Teg Bahadur Khalsa College, Sri Anandpur Sahib, Punjab, organized a one day Industrial Trip to the Punjab Alkalies & Chemicals Limited, Nangal, Punjab, for graduation and post-graduation students (50 students) on April 07, 2021. The students were taken to the production plant to provide a deep insight into the various processes. The Students were given information about the synthesis of Hydrochloric acid, Liquid Chlorine and Caustic Soda with description of each of the unit including the synthesis unit, separation unit, recovery section, storage section and packaging unit.
