

Excursion Trip to Manali

A college trip to Manali, Himachal Pradesh, was organized by the PG Department of Chemistry, from 8st to 11th February 2025. The purpose of the trip was to provide students with an opportunity to explore the natural beauty and cultural heritage of Himachal Pradesh, while also encouraging bonding and experiential learning outside the classroom environment. Trip began with a visit to the Hidimba Devi Temple, followed by exploration of the scenic Solang Valley. Students actively participated in adventure activities such as paragliding, zip-lining, and skiing. The group also traveled through the Atal Tunnel and visited the picturesque village of Sissu. A bonfire and cultural evening were arranged at the hotel to encourage interaction and recreation. The trip provided students with a refreshing break and an opportunity to explore the cultural and environmental diversity of Himachal Pradesh. The trip to Manali was a memorable and enriching experience for all involved. It successfully achieved its objective of blending learning with leisure. The students expressed their gratitude towards the faculty and the college administration for organizing a safe, enjoyable, and well-managed trip.
