

SRI GURU TEG BAHADUR KHALSA COLLEGE SRI ANANDPUR SAHIB

PG DEPARTMENT OF ZOOLOGY

REPORT

OZONE DAY

16th SEPTEMBER 2025

On September 16, 2025, the PG Department of Zoology at Sri Guru Teg Bahadur Khalsa College, Sri Anandpur Sahib, marked World Ozone Day with an engaging event to highlight the importance of protecting the ozone layer. The celebration included a screening of the animated documentary *Reset Earth* (One earth, one ozone and one chance), which vividly showcased the impact of ozone depletion and the need for sustainable action. This was followed by a lively discussion with students from BSc Medical, MSc Zoology, and BVoc Medical Lab Technology, focusing on the theme of the day and ways to contribute to environmental conservation. Dr. Amandeep Kaur, Head of the Zoology Department, addressed the students, explaining the critical role of the ozone layer in sustaining life, while Principal Dr. Jasvir Singh inspired them to embrace eco-friendly practices for a healthier future. Faculty members, including Dr. Avinash Kaur, Dr. Shelly, Dr. Bindu, Prof. Komalpreet Kaur, and Dr. Ruchika, attended the event, adding to its success. The celebration left students motivated to take meaningful steps toward preserving the ozone layer and promoting environmental awareness.
