PG DEPARTMENT OF ZOOLOGY

Visit to Government Fish Farm Ropar for hands on training on Fisheries

2nd April, 2026

The PG department of Zoology organized an educational visit to Government Fish Farm Ropar on 2nd April, 2026 for students of BSc Medical, BVoc MLT, MSc Zoology First and Second Year. The main motive of this trip was to show aquaculture techniques and hands on tools training about fish farming to the students. Dr Tejinder Kaur, Additional Fisheries officer, Ropar demonstrates the fish farming techniques to the students and answers their queries. A group of 40 students and 3 teachers (Dr Avinash Kaur, Dr Shelly and Dr Bindu) of PG Department of Zoology was part of this visit. Head of the department, Dr. Amandeep Kaur appreciated the initiative taken by the department, stating that such educational visits bridge the gap between theoretical knowledge and practical exposure. She emphasized that hands-on training in aquaculture not only enhances students' understanding but also opens up career opportunities in the field of fisheries and allied sciences. Principal Dr. Jasvir Singh lauded the efforts of the PG Department of Zoology for organizing such a meaningful and informative visit. He highlighted that experiential learning plays a crucial role in the holistic development of students and encouraged the department to continue organizing such activities to promote skill-based education and scientific temperament among learners.
